SWING, FRENCH AND TILT/TURN DOOR

Residential / commercial applications Our Doors come standard with high quality hardware. The smooth operating handles and hinges can be color matched to the vinyl or they are available in a brushed nickel satin finish and polished brass. Panic hardware is available for commercial entry door.

TYPICAL CONFIGURATIONS*

Threshold can be standard outer frames or low profile aluminum thresholds to suit different installations, weather and security requirements.

Available in single and double side-lite and top-lite combinations. Available in-swing or out-swing.

TILT AND SLIDE DOOR

Tilt and Slide door can be operated in three positions: closed, tilt and slide. By turning the handle 90°, the door automatically opens into a secured tilt position at the top making it ideal for ventilation.

A further 90° downward twist of the handle the door swing out at the bottom letting the door slide parallel to the side into a preferred opening position.

Even a door or sash that weight up to 440 pounds can easily be operated with one hand.

LIFT AND SLIDE DOORS

Slide Doors come standard with high quality hardware.

The smooth operating handles can be color matched to the vinyl or they are available in a brushed nickel satin finish and polished brass.

By turning the handle a full 180 degrees, the operating panel unlatches and can easily be rolled along its track on stainless steel rollers to provide ventilation or egress.
